Guidance for Innovative & Unique Products

Experts in new/unusual products

International Compliance Experts

Compliance requirements around the world

UL & CSA pre-compliance review  
conducted by CertifiGroup for a  
major appliance manufacturer

- FOUNDED IN 1992
- 25,000 SQ. FT. LAB
- ISO17025 ACCREDITED

## Proper Preparation for UL-CSA-CE

### Are you really ready?

- 95% of all products FAIL their first attempt at UL Certification
- It's not UL's fault - most companies are simply not properly prepared for a UL Certification
- You do not want to fail your UL/CSA/CE evaluation. Have our experts review your product first!

## Expert Guidance for Innovative & Unique Products

### Experts in new/unusual products

- At CertifiGroup, we aren't afraid of new & unusual products – we welcome them. We know what to do when the appropriate standards are not obvious.
- CertifiGroup includes some of the top compliance engineers in the world, highly experienced in defining the path to compliance for new technology products. Wind turbines, tidal turbines, electric car charging systems, fuel cells, energy conversion & storage devices, lithium batteries, LED lighting, lasers, and many others. You name it, we have the experience.

## International Compliance Experts
